Philadelphia August 2nd 1831

This is to certify that I examined the Organ at Christ Church in this city, yesterday - and in my opinion, the difficulty before experienced, in the loss of wind, when the full Organ was played, and the defects in the Bass from such loss of wind, is entirely obviated, and it affords me pleasure in stating that the imperfect effect of the Swell is also remedied - and that the repairing of the Instr may now be considered as completed

Thomas Loud

In consequence of the above Certificate, agreeably to contract, We agree that Wm H Corrie shall receive the One hundred Seventy Dollars stipulated to be paid to him for his second contract, & also that he shall enter into no additional claim on the balance that may be due to him on the Original Contract - Aug 3 1831
